

E-RICKSHAW BATTERY

**HEAVY-DUTY POWER
LONG-LIFE PERFORMANCE**

UNLEASH THE POWER OF **KING KONG**

If your livelihood depends on your E-Rickshaw, choose the battery engineered for long life, strong backup, and reliable performance.

- ✓ **ADVANCED GERMAN PLATE TECHNOLOGY FOR SUPERIOR DURABILITY**
- ✓ **HEAVY-DUTY TUBULAR DESIGN FOR COMMERCIAL DAILY USAGE**
- ✓ **HIGH CHARGE ACCEPTANCE FOR FASTER CHARGING**
- ✓ **EXTRA-STRONG SEPARATORS FOR VIBRATION RESISTANCE**
- ✓ **LOW MAINTENANCE DESIGN FOR HASSLE-FREE OPERATION**
- ✓ **OPTIMIZED ELECTROLYTE FORMULA FOR LONGER CYCLE LIFE**

MORE RUNNING • MORE LOAD • MORE PROFITS

WHY **KING KONG** E-RICKSHAW BATTERY?

- German-engineered internal structure ensures uniform power delivery
- Thick tubular positive plates for extended service life
- Special anti-corrosion alloy increases battery durability
- High reserve capacity for long continuous operation
- Deep discharge resistant design suitable for commercial use
- Designed for Indian & African road conditions

PERFORMANCE BENEFITS

Longer backup time

Stable voltage output

Reduced water loss

Strong starting & pulling power

Better performance in high temperature

Reliable daily heavy-load operation

IDEAL FOR

- Passenger E-Rickshaw
- Cargo E-Rickshaw
- Electric loaders
- Electric 3-wheelers
- Urban & rural commercial transport

EASY MAINTENANCE

- User-friendly topping system
- Strong container for rough handling
- Clear level indicators
- Safe vent design

FOR DEALERS & FLEET OWNERS

- ✓ High customer satisfaction = repeat sales
- ✓ Strong commercial acceptance
- ✓ Trusted technology positioning
- ✓ Designed for transport operators

KING KONG ADVANTAGE

- ✓ More KM Per Charge
- ✓ More Trips Per Day
- ✓ Less Battery Replacement
- ✓ Higher Driver Income

PRODUCT SPECIFICATIONS
