

LITHIUM TALL TUBULAR BATTERY

**HEAVY-DUTY POWER
LONG-LIFE PERFORMANCE**

UNLEASH THE POWER OF KING KONG

Built with advanced German technology and engineered for extreme durability, King Kong Lithium Tall Tubular Batteries deliver superior backup, faster charging, and ultra-long life for modern power needs. Designed for regions with frequent power outages, high temperatures, and heavy usage cycles.

WHY KING KONG?

- ✓ Ultra-Long Life Lithium Hybrid Technology
- ✓ Tall Tubular Strength for Deep Cycling
- ✓ Fast Charging – Saves Generator & Electricity Cost
- ✓ Maintenance-Free Operation
- ✓ Superior Backup Time Compared to Conventional Batteries
- ✓ Stable Performance Even in High Temperature Conditions
- ✓ Smart BMS Protection System

**UNSTOPPABLE POWER FOR HOMES,
SOLAR & BUSINESS**

KEY FEATURES

- Lithium-Enhanced Tall Tubular Plate Design
- High Cycle Life
- Intelligent Battery Management System (BMS)
- Over-Charge / Over-Discharge Protection
- Short Circuit & Temperature Protection
- Low Self-Discharge Rate
- Eco-Friendly & Energy Efficient

ADVANCED GERMAN TECHNOLOGY INSIDE

King Kong Lithium Tall Tubular Batteries combine the strength of traditional tubular design with next-generation lithium efficiency, ensuring:

Deeper discharge capability

Higher energy efficiency

Longer cycle life

Faster recharge acceptance

Lower lifetime cost

IDEAL FOR

- Homes & Apartments
- Solar Power Systems
- Offices & Shops
- Schools & Institutions
- Clinics & Hospitals
- Telecom & Backup Installations

KING KONG POWER PROMISE

**More Backup.
More Life.
More Savings.**

APPLICATION AREAS

Residential Power Backup

Inverter systems for uninterrupted home electricity

Solar Energy Storage

Perfect for rooftop & off-grid solar installations

Commercial Backup

Reliable power for retail shops, offices, banks

Industrial & Telecom Support

Stable performance for critical infrastructure

PRODUCT SPECIFICATIONS

KING KONG - LITHIUM TALL TUBULAR BATTERIES								
PRODUCT CODE	POWER	SPECIFICATION	CTN INFORMATION			PC/CTN	MOQ	
			L(CM)	W(CM)	H(CM)	PCS		
MEET-TIN-LiFePO4-51-12.8-220	2816WH	RATED POWER: 2816Wh BATTERY: 12.8V 220AH (LiFePO4 BATTERY) 3000+ TIMES CYCLE LIFE MAXIMUM SUPPORT 4 PARALLEL CONNECTION SMART BMS COMPATIBLE WITH MOST INVERTER	48	24	42	1	100	
MEET-TIN-LiFePO4-51-12.8-300	3840WH	RATED POWER: 3840Wh BATTERY: 12.8V 300AH (LiFePO4 BATTERY) 3000+ TIMES CYCLE LIFE MAXIMUM SUPPORT 4 PARALLEL CONNECTION SMART BMS COMPATIBLE WITH MOST INVERTER	48	24	42	1	100	
MEET-TIN-LiFePO4-51-25.6-100	2560WH	RATED POWER: 2560WH BATTERY: 25.6V 100AH (LiFePO4 BATTERY) 3000+ TIMES CYCLE LIFE MAXIMUM SUPPORT 4 PARALLEL CONNECTION SMART BMS COMPATIBLE WITH MOST INVERTER	48	24	42	1	100	
MEET-TINV-LiFePO4-51-5120-200	5120WH	RATED POWER: 5120WH BATTERY: 25.6V 200AH (LiFePO4 BATTERY) 3000+ TIMES CYCLE LIFE MAXIMUM SUPPORT 4 PARALLEL CONNECTION SMART BMS COMPATIBLE WITH MOST INVERTER	48	24	42	1	100	
MEET-TIN-LiFePO4-51-51.2-100	5120WH	RATED POWER: 5120WH BATTERY: 51.2V 100AH (LiFePO4 BATTERY) 3000+ TIMES CYCLE LIFE MAXIMUM SUPPORT 4 PARALLEL CONNECTION SMART BMS COMPATIBLE WITH MOST INVERTER	48	24	42	1	100
